- Roomy inside, compact outside
- Our sterilizer is designed for space-saving flexibility

Sterile for 24 hours

- Stays sterile for 24 hours*

Značilnosti

Kills 99.9% of germs*

Sterilizing is gentle, effective and chemical-free with Philips Avent. Every sterilizer uses the power of pure steam – nothing more, nothing less – to kill 99.9% of harmful germs*.

Sterilize in just 10 mins

Experience speed and safety with the sterilizing cycle lasting just 10 minutes, after which the sterilizer automatically turns itself off.

Integrated drip tray

Our new drip tray protects the heating plate from milk droplets, reducing the chance of unpleasant odors.

The all-in-one solution

Our advanced sterilizer is adaptable, reducing in size for smaller items like soothers, and to minimize your counter-top space when not in use.

Sterile for 24 hours*

The sterilizer's thorough, chemical-free cleaning will keep its contents sterile for up to 24 hours. How? Just keep the lid on.

Space-saving design

Our sterilizer is slender and yet still holds up to six Philips Avent baby bottles. It also fits all the other essentials, from teats and soothers to a manual breast pump.

Easy to clean and assemble

Top to bottom, inside and out, the sterilizer is quick and easy to clean – even the heating plate. So you get more time to be with your little one.
