PHILIPS

Highlights

Automatic process

After choosing program and pressing start button, the machine automatically mixes, kneads and extrudes in one go.

Personalized taste

By using different types of flour and adding different ingredients like eggs, herbs or spinach and carrot juice, you can make various types and flavors of pasta or noodle.

Recipe book

Accompanying the machine is a colorful recipe book which provides ingredient lists for 24

different types or flavors of pasta and recipes for over 20 pasta / noodle dishes.

Various shaping discs

With the machine there are 4 default shaping discs for Spaghetti, Penne, Fettuccini and Lasagna. More shaping discs will come as additional accessories for different types of noodle and pasta.

One-push cleaning tool

There are specially designed cleaning tool matching the shaping discs (Spaghetti and Fettuccini) that makes cleaning an easy one-push job.

Storage

At the bottom of the Pasta and noodle maker there is a storage drawer where you can easily store the shaping discs and cleaning tools.

Powerful and fast extrusion

With advanced engineering and robust material and build of the machine, the Philips Pasta Maker can exert 1600 lb force on the dough during extrusion, which not only enables a fast making process in just 10 minutes, but also guarantees perfect texture and taste of the pasta.
