#### **Sterilise and store in one handy case**

- Sterilise and store in one handy case

#### **Smooth teat for extra comfort**

- The ideal texture for a feeling of comfort

#### **Designed especially for growing teeth and gums**

- Respects the natural shape of the palate, teeth and gums

## Highlights

### Extra ventilation

Extra large air holes gently ventilate your baby's skin, keeping it soft and dry.

### Light, rounded shield

ultra air is designed with a lightweight shield and rounded edges for maximum comfort.

### Orthodontic, extra-firm teat

Our symmetrical teat respects the natural shape of your baby's palate, teeth and gums. It's also extra firm, which makes it ideal for growing mouths.

### Smooth teat

Every detail of the ultra air soother is designed to feel light and comfortable, including the smooth teat.

### Easy sterilisation and storage

The ultra air travel case doubles as a steriliser, so all you need to do is add some water and pop it in the microwave. Then rest easy that it's clean for the next use.

### Get professional tips

When the time comes to help your little one become soother free, you'll have free access to helpful tips from our parent infant clinical psychologist at <https://www.philips.co.uk/c-mo/soothers/soother-free>.
