

# Philips Touch-up pen trimmer

The new, on-the-go trimmer from Philips is a discrete beauty tool that makes it quick and easy to remove even the finest body hairs on the go. It comes with a cleaning brush for extra hygiene. The product is free of polyvinylchloride and brominated flame retardants and comes in a packaging made with a minimum of 75% recycled cardboard materials.

## Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

### Energy

- Battery type: AAA alkaline batteries

### Packaging

- Cardboard: contains minimum of 75% recycled content
- Plastic: contains minimum of 25% recycled content
- No use of polyvinylchloride (PVC), expanded polystyrene (EPS) in packaging
