

Philips Satinelle Advance + Prestige range

The cordless and rechargeable Satinelle Advance and Prestige epilator range gives smooth skin even in the shower or bath. Achieve hair-free skin without irritation, easy and convenient.

The 1-hour charging time of the powerful energy-efficient Li-ion battery provides a minimum 40 minutes shaving time.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Annual energy consumption < 1 kWh/year*
- No load battery charger: ≤0,1W
- Battery type: Li-ion
- Runtime: minimal 40 minutes usage time

Packaging

- Cardboard: minimal of 75% recycled content or Forest Stewardship Council (FSC) certified virgin paper
- Plastic: contains minimum of 25% recycled content
- No use of polyvinylchloride (PVC), expanded polystyrene (EPS) in packaging

Substances

- The product is free of polyvinylchloride (PVC)
- The product is free of brominated flame retardants (BFR)

*Energy consumption measured according to IEC 62301 and usage once every 2 weeks, 30 minutes per usage
This eco passport applies to the BRE and BRP range
