

Philips PowerPro Active
Bagless vacuum cleaner

2000W

PowerCyclone 4
HEPA 10 washable filter
Parquet

FC8632/72

Always the Highest Suction Power*

With PowerCyclone 4 Technology

The new Philips PowerPro Active delivers outstanding cleaning results thanks to the PowerCyclone 4 technology. The advance dust container is easy to empty and helps avoiding dust clouds.

Easy to clean

- Advanced dust container design for easy to emptying

Clean air in your home

- The EPA filter catches microscopic vermin causing allergy

Scratch-protection for parquet floors

- Parquet nozzle with soft brush hairs for scratch-protection

Ergonomic grip for far reach

- Reach all corners thanks to the extra long ergonomic grip

Powerful cleaning performance

- PowerCyclone 4 technology separates dust and air in one go
- 2000 Watt motor for high performance

PHILIPS

Specifications

Weight and dimensions

- Weight of product: 6 kg
- Dimensions of product (LxWxH): 473x304x301 mm

Design

- Color: Beluga metallic, Valentine red metallic

Performance

- Input power (IEC): 1700 W
- Input power (max): 2000 W
- Noise level (Lc IEC): 80 dB
- Suction power (max): 370 W
- Vacuum (max): 33 kPa
- Airflow (max): 37 l/s

Usability

- Action radius: 9 m
- Cord length: 6 m
- Tube coupling: Conical

- Carrying handle: Top and front
- Tube type: Aluminum telescopic tube
- Power control: Electronic on appliance
- Wheel type: Rubber

Nozzles and accessories

- Accessories included: Crevice tool, Small nozzle
- Standard nozzle: Multi-purpose nozzle
- Additional nozzle: Parquet nozzle
- Accessory storage: On tubeclip

Sustainability

- User manual: 100% recycled paper
- Packaging: > 90% recycled materials

Filtration

- Dust capacity: 1.7 L
- Exhaust filter: Microfilter
- Motor filter: EPA 10 washable filter

Highlights

Parquet nozzle

No more risk of scratches thanks to this nozzle with soft brush hairs, especially designed to carefully clean your hard floors.

Easy to empty dust container

The dust container is perfectly designed to dispose dust without creating a dust cloud. Thanks to its unique shape and smooth surface, dust is collected at one side of the container and evenly glides into the dust bin.

PowerCyclone 4 Technology

PowerCyclone 4 technology maximizes airflow and performance by separating dirt from air in one go. It delivers remarkable cleaning results through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air upwards in the cyclonic chamber to separate the dust from the air.

EPA filter system

The pleated EPA filter has a large filter surface and good filtration performance. In combination with the cyclonic airflow, this prevents it from clogging fast and gives you better and longer-lasting filtration results.

2000 Watt motor

The 2000 Watt motor generates max. 370 Watt suction power for high performance.

Extra long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra long design gives you farther reach, so you can easily clean hard to reach places.
