- HygieSteam: automatic cleaning removes 99.99% milk residues
- Our largest sealed bean container to keep your beans fresh
- Removable brewing unit guarantees visual hygiene reassurance

High Quality Coffee

- 20,000 cups of finest coffee with durable ceramic grinders
- CSA badge: Saeco extracts the best part of your coffee beans
- Fast preparation with high-performance water boiler
- LattePerfetto for dense milk foam with fine texture

Personalized variety

- 8 profiles: Simply, store your personal taste preferences
- LatteDuo: Prepare and enjoy double serving of any recipe
- Our most advanced touch screen display with Coffee Equalizer
- Our largest bean container with aroma seal to keep your bean

 **Saeco**

Highlights

100% Ceramic grinders

Our grinders are made of high-tech ceramic: exceptionally hard and precise. Fresh beans are gently ground, without risk of overheating: extracting all the best flavors and aroma, delivering a superior coffee taste for at least 20,000 cups.

8 User profiles

Everyone's personalized favorites can be saved in up to 8 user profiles using the convenient display

External Endorsement

Saeco technology allows you to extract the best flavors from your favorite coffee beans for intense and authentic aroma and taste (roasted, chocolaty, nutty, fruity, flowery, spicy)

High-Performance boiler

Flawless coffee calls for perfect temperatures. Our high performance Thermoblock is made with light aluminum and a stainless steel body, which heats up to the optimal temperatures, fast

AquaClean Filter

AquaClean

AquaClean is our patented water filter, designed to improve the quality of your coffee by purifying water. It also prevents scale buildup in the water circuit of your coffee machine: make up to 5000* cups without descaling by replacing the filter regularly.

Automatic Cleaning Program

Our innovative automatic cleaning system HygieSteam removes 99.99% of milk residues with one touch

LatteDuo

Prepare and enjoy single or double serving of any coffee recipe with one touch, including Cappuccino or Latte Macchiato. All in one go.

LattePerfetto

LattePerfetto technology, reduces the size of milk froth pores and produces dense milk foam with fine texture for your milk based coffees. The precise geometry of the frothing system ensures ideal temperature and outstanding foam to milk ratio.

Sealed Bean Container

Our biggest bean container stores up to 450g of fresh beans and is equipped with a special sealing AromaSeal for long lasting freshness of your coffee beans.

Specifications

Weight and dimensions

- Dimensions of product (WxDxH): 283x489x393 mm

Technical specifications

- Country of origin: Italy
- Capacity milk carafe: 0.6 L
- Capacity waste container: 14 servings
- Capacity water tank: 1.7 L
- Coffee bean capacity: 450 g
- Waste container: Frontal access
- Water tank: Frontal access
- Filter compatibility: AquaClean
- Drip tray capacity: 500 ml
