Ease your baby's transition to a drinking cup

The Natural trainer kit eases your baby into their first cup. The comfort grips help your baby hold the bottle independently while drinking from the familiar nipple. When ready, switch to the silicone spout to complete the transition.

Easy to combine breast and bottle feeding

- Transition to the soft silicone spout when the baby is ready
- Start with the familiar Natural Response bottle nipple

Ideal first step to a drinking cup

- Soft touch handles easy for little hands to hold

Other benefits

- Dishwasher safe
- Natural Response Nipples and Bottles are BPA* free
- No-drip nipple and leak-proof spout design to prevent spills
- Compatible across the Philips Avent range

Other benefits

- Explore our bottle range
- Choose the right nipple flow for your baby

Highlights

Ergonomic trainer handles

Trainer handles help your toddler to hold the cup and drink independently. These handles are shaped for little hands to grab easily and they are rubberized for a non-slip grip.

Natural Response Nipple

The Natural Response Nipple is designed to mimic the shape and feel of a breast for a natural latch on, and releases milk only when baby actively drinks. Babies can drink, swallow and breathe using their natural rhythm, like on the breast.

Natural latch on

The angled soft spout is designed to help toddlers take their first sips easily without tilting their head back too much.

No-drip nipple

The Natural Response nipple opening is designed to release milk only when the baby is feeding. The spout has a no-leak design to prevent spills.

Compatible across the range

Mix and match our breast pump, bottle and cup parts, and create the product that works for you, when you need it.

Find the right nipple flow

Every baby feeds differently, and develops at their own pace. We've designed a range of flow rates so you can find the perfect one for your baby and personalize your bottle. All of the Natural Response Nipples are made of soft silicone.

BPA free*

The Philips Avent Natural bottles and nipples are made of BPA free* material.

Dishwasher safe

All parts are dishwasher safe for easy cleaning.

Explore our bottle range

Our bottles are available in different sizes to better suit your baby's needs. Choose from a range of options to find the perfect fit for your little one, ensuring comfort and convenience at every stage.
