- Calc clean solution: Double active calc clean

### Comfortable ironing

- Cord length: 2 m

### Sustainability

- ECO setting: 20% energy reduction

GC3811/70

# Highlights

### 2400W for quick heat up

With the 2400W the Azur Performer Plus steam iron will heat up quickly and give a powerful performance to deliver super ironing results.

### Steam up to 40 g/min

Continuous steam output of up to 40 g/min gives you the perfect amount of steam to efficiently remove all creases.

### Steam boost up to 160 g

The steam boost can be used for vertical steaming and tough creases.

### SteamGlide Plus soleplate

Our best gliding SteamGlide Plus soleplate to whizz through your ironing. The carefully designed vents secure a well balanced steam distribution.

### Double Active Calc Clean

The Double Active Calc system of your Philips steam iron prevents scale build-up through anti-scale pills and an easy-to-use calc clean function. Regular cleaning of your steam iron from calc results in less white stains from calc and longer steam performance giving better ironing results.

### Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

### Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. The Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

### Optimal weight

The iron has the optimal weight to move easily over any garment, making ironing less of a hassle and easy to constantly place the iron on the board and back to its heel rest.
