- Easy-Start to ease the transition

#### **Protects your gums**

- Built-in pressure sensor protects your teeth and gums

#### **Provides superior clean**

- Up to 3 x better plaque removal vs. a manual toothbrush\*
- Our unique technology brings you a powerful yet gentle clean

# Highlights

## Advanced Sonicare Technology

Powerful bristle vibrations drive microbubbles deep between your teeth and along your gum line for a refreshing experience. You will get two months' worth of manual brushing in just 2 minutes.\*\* 31,000 brush strokes per minute gently clean your teeth, break up plaque and sweep it away for an exceptional daily clean.

## Removes plaque 3 x better\*

The Sonicare electric toothbrush with advanced sonicare technology is clinically proven to remove plaque up to 3 X better\* than a manual toothbrush. It removes plaque from your teeth and along the gum line while protecting your gums.

## Protects your gums

Built-in pressure sensor automatically detects the pressure you apply, warns you and reduces the toothbrush vibrations automatically to help protect your gums. The toothbrush will make a pulsing sound as a reminder to ease off the pressure. 7 out of 10 people found this feature helped them become better brushers.

## SmartTimer and QuadPacer

2 minute SmartTimer and 30 second QuadPacer guide you to brush for the recommended time in all areas of your mouth to ensure a complete clean.

## Designed around you

Slim, lightweight and ergonomic design makes the toothbrush easy to hold and use so that you get an amazing clean without any strain.

## BrushSync replacement reminder

All brush heads wear out over time, so you'll want to keep an eye on yours to make sure you're still getting a great clean. Our BrushSync technology tracks how long you've been using your brush head for and how hard you've been brushing. The BrushSync replacement reminder on your handle and a short beep remind you when it's time to replace it.

## Easy-Start

Our Easy-Start programme gives you the option of a gradual, gentle increase in brushing power the first 14 times you use your new toothbrush.

## Long-lasting battery life

Battery life lasts up to 14 days so you can go long periods without charging.

# Specifications

## Power

Voltage: DC5V

## Technical specifications

Operating time (full to empty): 14 days\*\*\*\*\*

Battery: Rechargeable

Battery type: Lithium ION

## Design and finishing

Colour: White

## Service

Warranty: 2-year limited warranty

## Ease of use
