SteelPrecision blades

Motion Control sensor

360-D Flexing heads

S7783/78

Close shave, advanced skin protection with SkinIQ Technology

The Philips Series 7000 glides smoothly over your skin, while cutting each hair close – even on 3-day beards. Equipped with advanced SkinIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave

- More cutting performance in every stroke
- Follows the contours of your face
- Guides hair into the optimal cutting position
- Unique OneBlade technology

SkinIQ technology

- A shaver that reduces friction to minimize irritation
- Guides you to an improved shaving technique
- Master your technique with the Philips GroomTribe app
- A shaver with the power to tame beards

For a convenient shave

- Powerful cleaning pod for maintenance and hygiene
- Even-up your mustache and sideburns
- 60 minutes of shaving from a 1-hour charge
- Fully charged in one hour

Highlights

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 2.000 micro-tech beads per square millimetre, it reduces friction on skin by 25%*, to minimize irritation.

SteelPrecision blades

Powerful yet gentle, the 45 self-sharpening SteelPrecision blades on this Philips shaver complete up to 90,000 cutting actions per minute, cutting more hair per stroke** for a clean, comfortable finish.

Motion Control sensor

An electric shaver motion-sensing technology tracks how you shave and guides you to a more efficient technique. After just three shaves, the majority of men achieved a better shaving technique for fewer passes***.

Personalization via app

Pair your Philips electric shaver to the GroomTribe app and prepare to master your technique. Just track your progress and personalize your routine to achieve a shave that's both close and kind.

Power Adapt sensor

The electric shaver has intelligent facial-hair sensor that reads hair density 125 times per second. The technology auto-adapts cutting power for an effortless and gentle shave.

360-D Flexing heads

Designed to follow the contours of your face, this Philips electric shaver has fully flexible heads that turn 360° for a thorough and comfortable shave.

Hair-Guide precision heads

This new shape precision shaver is enhanced with hair guiding channels for optimal cutting and skin comfort.

Cable-free Quick Clean Pod

10x more effective than cleaning with water****, the powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute. Using it helps maintain shaver performance and increase hygiene.

Unique OneBlade technology

Designed for facial styling and body grooming, the Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200x per second, it's efficient even on longer hairs.

Pop-up trimmer

Refine and define your mustache and sideburns with the pop-up trimmer—and complete your look with ease.
