#### Easily removes creases

- Power up to 2300 W enabling constant high steam output
- Steam boost up to 120g
- Continuous steam output up to 35 g/min
- Ceramic soleplate for better gliding performance
- Vertical steam for crease removal in hanging fabrics

# PHILIPS

# Highlights

## Power up to 2300 W

Power up to 2300 W enables constant high steam output.

## Steam boost

The iron's 120 g steam boost enables you to easily remove even the most stubborn creases.

## Steam output up to 35 g/min

Continuous steam output of up to 35 g/min gives you the perfect amount of steam to efficiently remove all creases.

## Ceramic soleplate

Ceramic soleplate is scratch resistant, glides well and easy to clean.

## Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

## Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your

iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

## Automatic shut-off

The iron shuts off automatically when left unattended. If it is left on it's heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

## Robust heelrest

This iron features a specially designed extra large heelrest, which gives extra stability when it is put in vertical position.

## Drip stop system

Drip Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.
