# Highlights

## **SkinGlide rings**

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

## **GentlePrecision PRO blades**

Our updated cutting system has skin protection technology, designed to only cut hair not skin. V shaped blades guide the skin away from the blades for a close smooth shave - even on 3-day stubble.

## **5-direction Dynamic Flex Heads**

Our shaver heads flex easily in 5 directions, gently following all the contours of the face and neck. Less pressure is needed to shave closely and skin stress is minimized.

## **Aquatec Wet & Dry**

Adapt your shave routine to your needs. With the Aquatec Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

## **1 level battery indicator**

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: 1-level battery

indicator - cleaning indicator - battery low indicator - replacement head indicator - travel lock indicator

## **50 minutes of cordless shaving**

The energy-efficient, powerful lithium-Ion battery system gives you two convenient options: Charge it for an hour for up to 50 minutes of shaving time, or a quick charge for one full shave. All Shaver series 7000 models are designed to operate only in cordless mode to ensure safety in wet environments.

## **SmartClick Precision Trimmer**

Refine and define your mustache and sideburns with the SmartClick precision trimmer—and complete your look with ease.

## **Fully washable shaver**

Simply open the shaver head to rinse it thoroughly under the tap.

## **Built to last**

We back this Philips shaver with a 2-year guarantee. Our Series 7000 shavers are designed for performance and durability.

## **Sensitive After Shave Balm**

Soothe: Apply after shave balm to instantly soothe your skin.

## **Sensitive Shaving Gel**

Prepare: Massage shaving gel into wet skin to soften your stubble for a comfortable shave.
