Wet and dry electric shaver

Shaver 9800

Pressure Guard sensor

Dual SteelPrecision blades

ComfortGlide Rings

360° Contour heads

S9987/85

Superior closeness*, personalised skin comfort with SenseIQ Technology

Philips Shaver 9800 delivers a smooth shave while reducing skin irritation. Only Philips has ComfortGlide rings, a special anti-friction coating to protect your face from redness and irritation.

A close shave

- Helps you to shave with optimal pressure
- ComfortGlide rings protect your face from irritation
- Maintains skin contact for a comfortable, smooth shave

SenseIQ technology

- Advanced precision for a close shave*
- Adjusts to your beard for effortless shaving
- Guides you to an improved technique with fewer passes
- Master your technique with the Philips GroomTribe app

For a convenient shave

- OLED display for dynamic SkinIQ and shaver notifications
- Even up your moustache and sideburns
- Get a convenient dry shave or a refreshing wet shave
- Keep your shaver like new with a deep clean in just 1 minute
- 60 minutes of cordless shaving from a 1 hour charge

Highlights

Pressure Guard sensor

Using the right pressure is key for closeness and skin protection. Advanced sensors in the shaver read the pressure you apply, and the innovative light signal shows when you are pressing too hard or too little. For a personalised shave that is just right for you.

Dual SteelPrecision blades

With up to 150.000 cutting actions per minute, the Dual SteelPrecision blades shave close. The 72 high-performance blades are self-sharpening and made in Europe.

Smart Hair sensor

The intelligent sensor reads facial hair density 500 times per second and auto-adapts cutting power for an effortless and gentle shave.

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to the optimal movements. After just three shaves, the majority of men achieved a better shaving technique for fewer passes**.

Personalisation via app

Pair your Philips electric shaver to the GroomTribe app and prepare to master your technique. Just track your progress and personalise your routine to achieve a shave that's both close and kind.

ComfortGlide rings

Shaving heads are surrounded with ComfortGlide rings, a special protective coating with skin gliding properties, to shield your face from irritation***.

360° contour heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and skin-friendly shave.

Advanced OLED display

The first Philips shaver with a dynamic OLED display reveals every shaver feature and notification with sharp, fluid animation. The intuitive interface includes SkinIQ guidance, battery status, cleaning advice and more.

Shave wet and dry

Get a convenient dry shave or a more refreshing wet shave with gel or foam – even in the shower.

Pop-up trimmer

Refine and define your moustache and sideburns with the pop-up trimmer—and complete your look with ease.

Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10 x more effective than cleaning with water****.

60 minutes of cordless shaving

Use your shaver at home or on the go for up to 60 minutes on a 1-hour charge – that's about 20 shaves. Or a 5-minute quick charge gives enough power for one shave.

Charging stand

Effortless charging with convenient stand available to hand.

Specifications

Software

App: Connects via Bluetooth®, GroomTribe
Smartphone compatibility: iPhone and Android™ devices
