Highlights

Unique OneBlade technology

Designed for facial styling and body grooming, the Philips Norelco OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200x per second, it's efficient even on longer hairs.

Contour following

Philips OneBlade razor follows your facial contours allowing you to effectively and comfortably trim and shave all areas of your face.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to effectively and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

14-length precision comb

A wet and dry shaver that allows you to trim to your preferred hair length with 14 different settings from 0.4mm to 10mm.

Durable OneBlade

Easily replace your blade once every 4 months* for optimal performance. A green usage indicator will appear once the blade is worn out.

Wet & dry

Use this waterproof razor at the sink or take it with you into the shower. The OneBlade wet and dry razor is easy to clean and can be used with or without foam.

LED digital display

Be sure that your OneBlade is always ready to go by checking the LED digital display. It alerts you while in-use when your battery is low, and it indicates charging progress when plugged in. Activate the travel lock to take the OneBlade anywhere you go.

90 min Li-Ion battery

A single charge takes 1 hour, and delivers 90 minutes of constant performance.
