# Highlights

**18 secured length settings**

Select and locks your desired length within a versatile range of possible lengths.

**Contour following comb**

Flexing guide comb that follows every curve of your face for getting an even trim in an easy and comfortable way.

**Maintenance free blades**

The blades stay sharp and need no oiling, so your product is always ready for use.

**Multifunctional display**

Multifunctional display shows easily the length setting

**Powerful Lithium-Ion battery**

This product has a powerful lithium-ion battery with quick charge so you can charge the product in only 1 hour for 50 minutes use.

**Precision trimmer**

A useful addition to your beard trimmer to touch up your lines and easy contouring of side burns and neckline.

**Travel lock**

Travel lock option protects your product against unintentionally switching on when you are carrying it in your bag.

**Turbo power boost button**

When greater suction power and increased cutting speed is desired while trimming, simply press the Turbo Power Button.

**Integrated vacuum system**

The integrated vacuum mechanism absorbs cut-off hairs during use and gives you a cleaner washbasin after use.

**Stubble comb**

The stubble comb has been designed for giving more sight while you are trimming as there are no frontal teeth. Moreover, by applying the tip of the trimmer fine contours are possible, by applying the trimmer at different angle on the skin you get more control on individual hair length. This comb is ideal for a perfect stubble or a 5 o'clock shadow where every detail counts.
