Unique OneBlade technology

The Philips OneBlade has a revolutionary technology designed for facial styling and body grooming. It can trim, edge and shave any length of hair. Its dual protection system – a glide coating combined with rounded tips – makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (200x per second) so it's efficient – even on longer hairs.

Trim it down

Trim to your preferred stubble length. Your Philips OneBlade comes with 3 stubble combs for a 5 o'clock, tight trim or long stubble.

Edge it up

Get the perfect lines in seconds with the dual-sided blade, enabling you to see every hair you're cutting.

Shave it off

The OneBlade doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and easily shave off any length of hair with this sensitive skin hybrid styler.

Contour following

Philips OneBlade for the face follows your facial contours allowing you to effectively and comfortably trim and shave all areas of your face.

Dual-sided blade

Easily shave and trim to the contours of your face. The dual-sided blade for face allows you to style your edges and create clean lines in all directions.

Get your preferred stubble length using one of the 3 included stubble combs at 1, 3 or 5mm.

Durable OneBlade

Durable Philips OneBlade that you only need to replace every 4 months* for optimal performance.
