Highlights

Long plates

The longer plates enable a better contact with the hair and help you achieve perfect straightening results in less time.

Ionic Care

Give your hair an instant care with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

210°C professional temperature

This high temperature enables you to change the shape of your hair and gives you that perfect look you want.

Instant heat up

The straightener has a fast heat up time, being ready to use in 60 seconds

1.8 m cord

1.8 m power cord

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

Handle closing lock

The straightener has a closing lock mechanism. Located at the base of the straightener, this locks plates, making storage quick and easy and helping to protect the straightener from accidental damage.

Universal voltage

Worldwide voltage for getting the perfect travel companion

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

2 years guarantee

2 years of worldwide guarantee.
