- Smooth, low-friction SkinGlide to minimise irritation

### **Simple replacement**

- Easy click off, click on

# Highlights

## SkinGlide

The low-friction SkinGlide shaving surface slides smoothly along your skin for a close, easy shave.

## Triple-Track shaving heads

The three shaving tracks of the Triple-Track shaving heads offer 50% more shaving surface than standard, single track rotary shaving heads.

## Aquatec

The Aquatec wet and dry seal lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

## GyroFlex 3D Shaver

GyroFlex 3D contour-following heads adjust seamlessly to every curve of your face, minimising pressure and irritation on your skin.

## Super Lift & Cut Action

The dual-blade system built into our electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

## UltraTrack Shaver Heads

Get a close shave that minimises skin irritation. The shaving head has 3 specialised tracks: slots for normal hair, channels for long or flat laying hair and holes for the shortest stubble on your face.

## Easy click off, click on

Easily renew your shaving unit using our click off, click on system.
