Highlights

Powerful & Fast

Philips DryCare Pro 2300W has a high performance AC motor developed for the professional market. It generates up to 105km/h of air speed for fast and effective results.

Pro Power

DryCare Pro, reaches up to 105 km/h of air speed, delivering a fast and efficient drying experience.

Frizz free and shine

Give your hair an intensive boost with ionic conditioning. This hairdryer emits 4 times more negatively charged ions than other hairdryers. The result is ultimate shiny, frizz free hair. Let it shine!

ThermoProtect anti overheating

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

7mm & 9 mm concentrators

The 7mm & 9mm opening of the concentrators focuses the airflow of the dryer for precision styling on specific areas. The ideal attachments for brushing while drying and styling.

Cold shot

A must-have professional function, this new push and release cold shot button does not need to be constantly pressed to use it. It provides an intense burst of cold air to set your style after styling.

Accurate control

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

2m cord

Convenient to use thanks to the 2m power cord length.
