Highlights

ThermoProtect anti overheating

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

Powerful

This Philips Thermoprotect hairdryer creates 2100W for a fast airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Accurate control

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

11mm ultra narrow concentrator

Perfect styling results and a shiny, polished look with a ultra narrow concentrator for precise styling.

Cool Shot

A must-have professional function for hair stylers. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

1.8m cord

Convenient to use thanks to the 1.8m power cord length.

Easy storage hook

A rubberized hook can be found on the base of the handle. Use to store easily at home or if staying at a hotel.
