

# PHILIPS

## Hairclipper series 5000

### Hair clipper

Plus

QC5315/15

## Always even haircuts

Get an even haircut every time with the contour-following comb of this Philips Hair Clipper. The length settings are easy to select and lock into place. There are 11 length settings to choose from, ranging from 0.5mm to 21mm.

### Easy to use

- 2- year guarantee, worldwide voltage, no oil needed
- Pop open head makes it easy to clean with the added brush
- Corded use only

### Performance

- High-performance self-sharpening steel blades

### Always even haircuts

- Contour-following comb follows every curve of your head.
- 11 lock-in length settings from 0.5mm to 21mm

# Highlights

## Built to last

All of our grooming products are built to last. They come with a 2-year worldwide guarantee and worldwide voltage compatibility; they never need to be oiled.

## Easy to clean

Simply pop the trimmer head open and use the cleaning brush included to sweep away loose hairs.

## Self-sharpening steel blades

The steel blades of the electric shaver lightly brush against each other, so they sharpen themselves as you trim! The blades stay extra-

sharp to always cut hairs neatly and effectively, but have rounded tips to protect your skin.

## Corded use only

Power cord provides constant power

## Follows every curve

The hair clipper gently follows the contours of your head for a fast, even and comfortable haircut.

## 11 lock-in length settings

The single adjustable comb provides length settings from 3mm to 21mm, with precisely 2mm between each length. Or you can use it without a comb for a close 0.5mm trim.

# Specifications
