# Highlights

## Dynamic Beard Guide System

The Dynamic Beard Guide system with the help of the integrated hair lift comb lifts the hairs up to the level of the blades for even trimming results and lets you achieve exactly the 3-day stubble, short beard, or long beard look you want.

## Integrated Hair lift comb

Trim your stubble in one quick pass, while being gentle on your skin. Our new Integrated hair lift comb lifts and guides the hairs to the level of the blades for effortless, even trimming.

## Full metal blades

This trimmer comes with double sharpened full metal blades that cuts more hairs in every pass for faster trimming.

## 17 lock-in length settings

Select your preferred trim length by simply turning the zoom wheel on the handle until the length you want is displayed from 0,4 - 10mm with 0,2mm precision. Your chosen length is now "locked in" for a perfectly even trim.

## Corded and cordless use

# 60 minutes

Charge your beard trimmer for 1 hour to get 60 minutes of cordless use. If you need more energy while trimming, you can simply plug the trimmer into the wall. This trimmer has been designed to run both cordless and plugged in.

## 100% waterproof

Simply rinse your waterproof beard trimmer under the tap to thoroughly clean it.

## Skin-friendly blades

Get a perfect yet protective trim, time after time. The beard trimmer's steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective. They also have rounded tips and combs to help prevent skin irritation.
