Highlights

Care for your hair

Protective ceramic coating with Keratin infusion, for better care of your hair

Natural looking curls

With the barrel diameter of 25 mm you can achieve a trendy curly look by creating natural looking, loose curls like no effort went into it.

Rheostat wheel

Rheostat wheel with 8 heat settings (from 130 to 200°C) allows you to choose the temperature that suits your hair type

200°C top temperature

Top temperature of 200°C guarantees perfect results even for thick hair, while minimizing hair damage.

Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

Ready to use indicator

The LED light stops blinking when the curler has heated up and is ready to use.

Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.
