

# PHILIPS

Dry electric shaver

Shaver series 3000

ComfortCut Blade System

4-direction Flex Heads

Pop-up trimmer

S3552/12

## Remarkable. Revolutionary. Rotary. Comfortably close

In 1939, Philips changed the way men shave. We continued to innovate and today the special edition Philishave celebrates our story by combining the modern-day technology of our most enduring contemporary shaver.

### **A comfortable shave**

- Rounded edges move smoothly over skin for a protective shave

### **Adjusts to every curve of your face and neck**

- Heads flex in 4 directions to easily shave every curve

### **Easy to use**

- Consistent maximum power year after year
- 60 minutes of cordless shaving one-hour charge
- Shaver can be rinsed clean under the tap
- Can be used corded and cordless

### **Get the most out of your shaver**

- Complete your look by using the pop-up trimmer

# Highlights

## 4-direction Flex Heads

Flex heads with 4 independent movements adjust to every curve of your face, giving you an easy shave even on the neck and jaw line.

## Li-ion power

Shave longer with every charge. Your shaver will keep going just as strong for years, thanks to our powerful and efficient lithium-ion battery.

## 60 minutes of cordless shaving

You'll have 60 minutes of running time - that's about 20 shaves - on a one-hour charge. Or choose to shave with the device plugged in.

## One touch open

Simply pop the heads open, and rinse thoroughly under the tap.

## Corded and Cordless use

This shaver is designed to work either plugged in or cordless. Use the cord in order to shave while charging. Or shave cordlessly when the shaver is charged.

## Pop-up trimmer

Complete your look using the pop-up trimmer. Perfect for maintaining a mustache and trimming sideburns.

## ComfortCut Blade System

Get a comfortable dry shave. Our ComfortCut Blade System with rounded profile heads glide smoothly across your skin while protecting it from nicks and cuts.

## Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
