An electric shaver that takes care of your skin

- Aquatec seal for comfortable dry shaves and refreshing wet shaves
- Smooth, low-friction SkinGlide to minimise irritation

Simple replacement

- Easy click off, click on

Highlights

SkinGlide

The low-friction SkinGlide shaving surface of the electric shaver slides smoothly along your skin for a close, easy shave.

Triple-Track shaving heads

The three shaving tracks of the Triple-Track shaving heads offer 50% more shaving surface than standard, single track rotary shaving heads.

Aquatec

The Aquatec wet and dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

GyroFlex 3D Shaver

The GyroFlex 3D contour-following heads of the shaver adjust seamlessly to every curve of your face, minimising pressure and irritation on your skin.

Super Lift & Cut Action

The dual-blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

UltraTrack Shaver Heads

Get a close shave that minimises skin irritation. The shaving head has 3 specialised tracks: slots for normal hair, channels for long or flat laying hair and holes for the shortest stubble on your face.

Easy click off, click on

Easily renew your shaving unit using our click off, click on system.
