## Hairdryer

DryCare Advanced

ThermoProtect Ionic

2200W

Ionic Care

Volume diffuser

BHD172/00

Fast dry at a lower temperature with  
ThermoProtect  
with volume diffuser & 11mm styling nozzle.

Protect your hair while enjoying fast drying results. This hair dryer has multiple speed and temperature settings. Features ThermoProtect for fast drying at a constant caring temperature and Ionic Care for frizz-free shine.

### Beautifully styled hair

- Professional 2200W for perfect salon results
- Cool Shot sets your style
- Six flexible speed and temperature settings for full control
- Adds volume, maximising thickness, curls and bouncy styles
- Perfect styling results with a slim styling nozzle

### Less Hair Damage

- ThermoProtect temperature setting
- Ionic conditioning for shiny, frizz-free hair

### Easy to use

- Easy storage hook for convenient storage
- 1.8 m power cord
- Removeable air flow filter makes cleaning quick and easy

# Highlights

## ThermoProtect temperature

The ThermoProtect temperature provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

## Professional 2200W

This 2200W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

## Speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

## Ionic conditioning

Give your hair instant care with ionic conditioning. Charged negative ions eliminate static, condition your hair, and smooth the hair cuticles to intensify hair's shine and glossiness. The result is smooth and frizz-free hair with beautiful shine.

## Slim styling nozzle

Perfect styling results and a shiny, polished look with a slim styling nozzle for precise styling.

## Asymmetric volume diffuser

The volume diffuser has a unique asymmetric design that is contoured to the head, making it easier and more intuitive to use. The diffuser also spreads the flow of air across the hair, drying hair more healthy, boosting volume and reducing frizz. For best results, hold close to

the crown and root area and let the diffuser's fine textured pins encourage volume, add bounce and shape curls.

## Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

## Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.

## Removeable air inlet filter

The removeable air flow filter of your hairdryer is easy to maintain. Simply click off to clean. Doing this regularly will prevent build up of dust and hair that can affect drying performance.

# Specifications

## Technical specifications

Voltage: 220-240 V
