PrecisionTrim Technology

- Effortless trimming from any angle

Easy to use

- Textured handle for optimum grip even when wet
- Fully washable for easy cleaning
- Ready to use

Built to last

- Warranty for purchase protection

Highlights

Remove unwanted hair

Easily reach and remove unwanted nose and ear hair comfortably. Ensure your nostrils are clean before use and carefully insert the trimmer inside your nose no more than 0.5cm and slowly circulate it. When trimming ear hair, ensure ears are free of wax.

Protective Guard System

A nose, ear, and eyebrow trimmer engineered for safety and comfort, the Protective Guard System covers the blades to ensure they don't make direct skin contact. It's also made to minimise missed hairs, pulling or tugging.

PrecisionTrim technology

Our innovative, dual-sided precision trimmer cuts quickly and effortlessly from any angle and in any direction.

Easy handling

The textured handle gives you better grip and control when using your nose trimmer for men, and the on/off switch is positioned for easy operation.

Fully washable

The best nose and ear hair trimmer is one that works with your routine. Simply rinse your trimmer after using it to keep it in optimum condition.

Lithium Battery included

Start using your ear and nose trimmer right away, with the AA battery included in the box.

2-year worldwide guarantee

All of our grooming products are built to last. They come with a 2 year warranty and never need to be oiled.
