Philips Pedi replacement discs

For smooth feet from heel to toe

Two normal discs with fine grain and precision edge to give you smooth feet from heel to toe. Compatible for all Philips electric foot files.

Thorough results

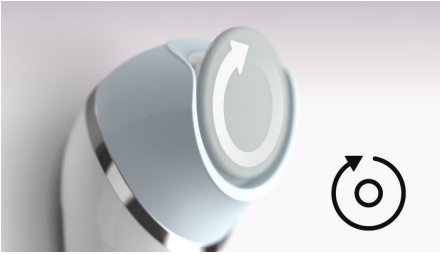

- Replacement disc with precision edge
- For best results, replace disc every six months

Beautiful skin

- Gentle treatment for your skin

Highlights

Replacement disc

These replacement discs with precision edge give you smooth feet from heel to toe. The rotating disc and precision edge allows you to remove callus in a precise, effortless and gentle way for both large and smaller areas.

Gentle treatment for your skin

Gentle treatment for your skin thanks to the natural mineral corundum infused in the disk.

Replace disc every 6 months

For best results, we recommend replacing the disc every six months.
