Highlights

Ergonomically s-shaped body

The ergonomically s-shaped body makes it easy to handle and manoeuvre into all areas. The grip on the back ensures no slip when using in the shower or bath.

Protect delicate skin

The integrated safety bar prevents from skin pinching and makes sure that nothing can happen to your skin.

Gentle on the skin

The unique Philips epilating system with ceramic textured discs is designed for optimal grip and hair catching. It removes hair as short as after 2-3 days regrowth without pulling your skin.

Better visibility and hygiene

The gap between the head and the s-shaped body improves visibility by letting you directly see the area you're epilating. The open epilating system also means you can easily clean the device.

Access all areas

Uniquely designed small head enables you to confidently reach even your most intimate delicate areas.

Wet and dry

Use Philips Satin Intimate when and where you want, including in the shower or bath.

Cordless

Cordless so you can use the epilator when and where you want as well as reach all areas easily.
