- Precision trimmer & comb to finish up in hard to reach areas

Easy to use

- 20 lock-in length settings, 0,5 - 10mm with 0,5mm precision
- 80 minutes run time after a 1-hour charge or plug it in
- LED display clearly shows your length setting
- Just empty the chamber and rinse the blades under water
- See remaining battery life at a glance
- 2 year guarantee, worldwide voltage and no need to oil

Highlights

Integrated vacuum system

Trim your beard, mustache and sideburns while keeping tidy with this trimmer. Its powerful vacuum catches cut hair as you go along, giving you a mess-free trim.

Innovative lift & trim system

Trim your stubble in one quick stroke. Our innovative lift & trim system raises each hair, then guides it toward the double-sharpened stainless steel blades. The result is an even stubble or trim in just one go.

Double-sharpened blades

Strong steel blades are double-sharpened and made to last a very long time to cut through even thick hair. They sharpen themselves by lightly brushing against each other as you trim.

20 lock-in length settings

Select your preferred trim length by simply turning the zoom wheel on the handle until the length you want is displayed from 0,5 - 10mm with 0,5mm precision. Your chosen length is now "locked in" for a perfectly even trim.

Corded and cordless use

Charge your beard trimmer for 1 hour to get 80 minutes of cordless use. If you need more energy while trimming, you can simply plug the trimmer into the wall. This trimmer has been designed to run both cordless and plugged in.

Digital LED display

Turn the zoom wheel to view your chosen length setting in mm on the LED display.

3-level battery indicator

You can clearly see how much power is left. 3 simple bars show you the remaining power, and when the trimmer is charging.

Precision trimming

When you are done trimming, just click on this precision trimmer to finish up your style with defining details and edges or trimming your moustache with clicking the precision comb on the trimmer.

Easy to clean

Once you are done trimming, simply remove the blades by pulling them up, rinse the blades and comb under the tap, empty the hair chamber and brush away any loose hairs with the added cleaning brush for long-lasting performance.

Built to last

We back this Philips trimmer with a 2-year guarantee: our grooming products are built to last. You'll never need to oil it, and it's compatible with all worldwide voltages.
