Highlights

1800W

This 1800W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

ThermoProtect temperature

The ThermoProtect temperature provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

Three flexible settings

The speed and heat required can be easily adjusted to create the perfect end result. Three flexible settings ensure precise and tailored styling.

Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

Slim styling nozzle

Perfect styling results and a shiny, polished look with a slim styling nozzle for precise styling.

1.8 m cord

Convenient to use thanks to the 1.8m power cord length.

Removeable air inlet filter

The removeable air flow filter of your hairdryer is easy to maintain. Simply click off to clean. Doing this regularly will prevent build up of dust and hair that can affect drying performance.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.
