The dryer hairdressers would use at home

SalonDry Pro 2200W

Want to dry your hair like the professionals? The SalonDry Pro – with 2200W of superior drying power – is the hairdryer you need if you're looking to recreate that salon style blow dry.

Less Hair Damage

- More Care with ceramic elements, providing far infrared heat
- More Care with ion conditioning for shiny, frizz-free hair

Beautifully styled hair

- Six flexible speed and temperature settings for full control
- Ultra narrow concentrator for precise styling
- Ceramic volume diffuser for additional protection and volume
- Professional 2200W for perfect salon results
- Cool Shot sets your style

Easy to use

- Easy storage hook for convenient storage
- Removable air inlet grill for easy cleaning
- Salon length 3m power cord for maximum flexibility

Highlights

Six flexible speed and temperature settings

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

Ultra narrow concentrator 15mm

The concentrator works by directing the flow of air through the ultra narrow opening on to specific areas. This results in very precise styling and is great for touch ups or to finish a style.

Professional 2200W

This 2200W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

More care with Ceramic element

The ceramic element issues far infrared heat, which has a gentle warmth that helps dry your hair from within and protects it from overdrying, without compromising on speed and effectiveness.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.
