# Highlights

## GyroFlex 3D Shaver

GyroFlex 3D contour-following heads adjust seamlessly to every curve of your face, minimizing pressure and irritation on your skin.

## UltraTrack Shaver Heads

Get a close shave that minimizes skin irritation. The shaving head has 3 specialized tracks: slots for normal hair; channels for long or flat laying hair; and holes for the shortest stubble on your face.

## Super Lift & Cut Action

The dual blade system built into our electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

## Aquatec

The Aquatec wet & dry seal lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

## SkinGlide

The low-friction SkinGlide shaving surface slides smoothly along your skin for a close easy shave.

## Easy grip

The easy grip shaver handle has an ergonomic grip with anti-slip coating, ensuring close control for an extra precision shave.

## Jet Clean+ system

Our Jet Clean+ System cleans and lubricates the blades and recharges the battery after every use. It offers 3 cleaning settings: automatic for normal usage, eco for 40% less energy usage, and intensive for extra-thorough cleaning.

## Precision trimmer

The unique skin friendly precision trimmer system is built to avoid unnecessary skin contact. Easy to use for perfect moustache and sideburn trimming.
