# Highlights

## Care for your hair

Protective ceramic coating with Keratin infusion, for better care of your hair

## Natural looking curls

With the barrel diameter of 25 mm you can achieve a trendy curly look by creating natural looking, loose curls like no effort went into it.

## Rheostat wheel

Rheostat wheel with 8 heat settings (from 130 to 200°C) allows you to choose the temperature that suits your hair type

## 200°C top temperature

Top temperature of 200°C guarantees perfect results even for thick hair, while minimizing hair damage.

## Safe usage

Some hair straighteners and curling irons have been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

## Ready to use indicator

The LED light stops blinking when the curler has heated up and is ready to use.

## Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.
