Beautifully styled hair

- Gentle, yet effective styling power
- Paddle Straightening Brush for naturally straight looks
- 2 heat & speed settings

Easy to use

- 1.8 m cord for maximum flexibility
- Easy storage hook for convenient storage

Highlights

650W

The Air Styler with 650W airflow for a gentle drying and styling. Achieve beautiful results every day.

Keratin ceramic coating

The bristles with keratin-infused ceramic coating glide smoothly through your hair for naturally straight and shiny look.

Ionic Care

Ionic conditioning enables anti-static drying. Charged negative ions eliminate static hair, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth and frizz-free hair that shines beautifully.

ThermoProtect temperature

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

Paddle Straightening Brush

With the innovative Paddle Straightening Brush, attached to the handle, you can create beautiful naturally straight looking hair, without damage.

2 heat & speed settings

Two flexible heat and speed settings for easy styling.

1.8 m cord

1.8 m cord for maximum flexibility.

Easy storage hook

The rubberised hook is located at the base of the handle and provides another storage option, particularly convenient for use in the home or when staying at a hotel.
