- Multi cook to provide additional variety

PHILIPS

All-in-One Multicooker
ProCeramic+ pot 6L, 1300W

HD2237/72

Highlights

Slow cooking modes
Slow cook with high and low temperature settings creates melt-in-mouth tenderness.

Saute/Sear
Saute/Sear to enhance richness of flavors before the magic of cooking begins.

Pressure cooking modes
With the magic of pressure, even tough cuts can be tenderized in minutes. 7 pressure cooking modes help you to create great taste when you are time poor.

Multi cooking modes

Additional multi cook programs including steaming, baking and yoghurt making to create even more dishes and desserts to dazzle your family and friends.

Automatic keep warm 12 hours

Automatic keep warm for 12 hours (except for yoghurt and Saute/Sear functions), keeping meals nice and warm to serve anytime.

Superior power

The upgraded power efficiently shortens pre-heat time by 25%, so that you can enjoy even faster cooking experience*.

ProCeramic+ coated pot

With ProCeramic+ coating, the pot is 5 times more durable than conventional ones. Better scratch resistant surface for longer use**.

Easy-to-clean

Easy-to-clean detachable inner lid design.

9 safety protection systems

9 safety protection systems to ensure worry-free cooking.
