## Special thick & long hair: More style, faster wider plates straightener

The new Philips Care Thick & Long Hair + Hair straightener has been specifically designed to straighten thick and long hair easily, thanks to its 40% wider plates and removable double action comb

#### Less hair damage

- More care with ion conditioning for shiny, frizz-free hair
- 2x as smooth on your hair with SilkySmooth ceramic plates
- ThermoGuard prevents unintentional heat exposure above 200°C
- Digital settings with adjustable heat to get smooth results

#### Beautifully styled hair

- 230°C professional high heat for perfect results
- Extra wide plates for better results with thick or long hair

#### Ease of use

- Fast heat up time, ready to use in 30 seconds
- No more accidental change of settings with key-lock function
- Closing lock to close the handle for easy and safe storage
- Including pouch for easy storage
- 1.8 m power cord
- Automatic shut-off after 60 min

# Highlights

## Ionic Care

Give your hair an instant care with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

## SilkySmooth ceramic plates

Ceramic is microscopically smooth and durable by nature, and is therefore one of the best materials for straightening plates. The SilkySmooth plates are carefully processed to enhance the gliding and caring properties of the ceramic, giving you perfect shiny hair.

## ThermoGuard

Prevent unintentional heat exposure with Thermoguard, by increasing temperature with steps of 5°C only, above 200°C.

## Digital settings

Digital settings with adjustable heat to get smooth results with all hairtypes

## Instant heat up

The straightener has a fast heat up time, being ready to use in 30 seconds

## Handle closing lock

The straightener has a closing lock mechanism. Located at the base of the straightener, this locks plates, making storage quick and easy and helping to protect the straightener from accidental damage.
