# Highlights

## Dual Motion

The brush rotates and vibrates. The vertical pulsating movement gently breaks up surface impurities including dirt, dead skin cells and make-up residues. The rotating movement sweeps the impurities away, leaving the skin more deeply cleansed. The coordinated movements of the bristles give you a thorough and comfortable cleansing experience.

## 2 Speed setting

Philips VisaPure Essential provides 2 different speed settings: Speed one, 'gentle cleansing', for a mild and soft cleansing. Speed two, 'deep cleansing', for a comfortable and more intensive cleansing.

## Intelligent skin zone timer

The face can be divided into three zones: T-zone, left cheek and right cheek. Philips VisaPure Essential suggests to change face skin area after 20 seconds with a short pause.

The full program lasts 1 minute after which Philips VisaPure Essential automatically switches off after to prevent overtreatment.

## Waterproof and Rechargeable

Philips VisaPure Essential is waterproof and can be easily used in the shower.

## Additional Brushes

2 brushes are included with Philips VisaPure Essential: 1 for Normal skin and 1 specifically designed for Sensitive skins. An Exfoliating Brush Head is available separately, with exfoliating effect to gently remove dull and dead skin cells.

## Charging Stand

The stand elegantly complements the iconic design of Philips VisaPure Essential. It holds the brush, taking less space and letting air naturally dry the used brush. When connected

it fully charges Philips VisaPure Essential in 6 hours. When fully charged, VisaPure Essential cordless power for 30 uses.

## Antik Batik Limited Edition
