### Ease of use

- Wide plates for thick and long hair
- Fast heat-up time, ready to use in 60 sec
- Key-lock function for safe and easy storage
- Universal voltage for worldwide use
- Swivel cord to prevent tangled wires

# Highlights

## Wide plates

Specially designed for thick and long hair, the 40% wider plates\* enable a better contact with the hair and help you achieve perfect straightening results in less time.

## Ceramic coated plates

Ceramic coated plates for smooth gliding and easy styling.

## Ionic care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

## 210°C styling temperature

This high temperature enables you to change the style of your hair to achieve the look you want.

## Fast heat-up time

The straightener has a fast heat-up time, being ready to use in 60 seconds.

## Key-lock function

The plates can be locked together for safe and easy storage.

## Universal voltage

Compatible with 110–240 volts. Can be used wherever you travel in the world.

## Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

# Specifications
