Highlights

Skin protection system

The unique skin protection system guards even your most sensitive body areas, allowing you to comfortably trim hair as close as 0.5mm without direct contact between the sharp edge of the blades and your skin.

Bidirectional trimmer and comb

Uniquely designed with a bidirectional trimmer and 3mm comb, this tool makes it possible to catch and cut hairs even when they grow in different directions. For thicker hair, pre-trimming with the comb is recommended.

AA battery power

This compact, AA battery-powered trimmer can be used whenever, and wherever you need it. One battery delivers up to two months use, run-time may differ depending on hair type

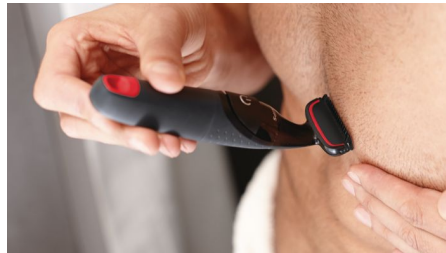

and body grooming frequency. AA battery not included. For optimal performance use only high quality Philips Alkaline AA batteries.

100% waterproof

This body groomer is 100% waterproof and showerproof, so you can simply rinse it clean when you've finished. For best results, use on dry hair before you shower.

Ergonomic grip

Your body groomer is easy to hold and manoeuvre, with a rubber ergonomic grip to help you keep control while you trim.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee and they never need to be oiled.
