Beautiful smooth and shiny hair with care

Hair straightener with Nano-Diamond plates

The new Philips Care Nano-Diamond straightener allows you to get the straight hair style while being gentler on your hair. 3x more caring straightening thanks to ionic conditioning, nano-diamond ceramic plates and digital temperature

Less hair damage

- Healthy hair without hotspots with Even Heat Distribution
- Smooth and gentle on your hair with Nano-Diamond plates
- More care with ion conditioning for shiny, frizz-free hair
- Digital settings with adjustable heat to get smooth results
- ThermoGuard prevents unintentional heat exposure above 200°C

Beautifully styled hair

- 230°C professional high heat for perfect results

Ease of use

- Automatic shut-off after 60 min
- Closing lock to close the handle for easy and safe storage
- 1.8 m power cord
- Fast heat up time, ready to use in 30 seconds
- Swivel cord to prevent tangled wires
- No more accidental change of settings with key-lock function

Highlights

Ionic Care

Give your hair an instant care with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

Nano-Diamond plates

The advanced Ceramic Nano-Diamond straightening plates offer optimal heat transfer and a super smooth, scratch resistant surface for extra smooth gliding and hair protection.

ThermoGuard

Prevent unintentional heat exposure with Thermoguard, by increasing temperature with steps of 5°C only, above 200°C.

Digital settings

Digital settings with adjustable heat to get smooth results with all hairtypes

Instant heat up

The straightener has a fast heat up time, being ready to use in 30 seconds

Handle closing lock

The straightener has a closing lock mechanism. Located at the base of the straightener, this locks plates, making storage quick and easy and helping to protect the straightener from accidental damage.
