Highlights

Long plates

The longer plates enable a better contact with the hair and help you achieve perfect straightening results in less time.

210°C professional temperature

This high temperature enables you to change the shape of your hair and gives you that perfect look you want.

Instant heat up

The straightener has a fast heat up time, being ready to use in 60 seconds

1.8 m cord

1.8 m power cord

Handle closing lock

The straightener has a closing lock mechanism. Located at the base of the straightener, this locks plates, making storage quick and easy and helping to protect the straightener from accidental damage.

Universal voltage

Worldwide voltage for getting the perfect travel companion

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

2 years guarantee

2 years of worldwide guarantee.

Ceramic coating

The smooth ceramic coated plates prevent damage to your hair during styling.
