- Fast heat up time, ready to use in 60 seconds
- Cool tip for easier and safer use
- Automatic shut-off after 60 min
- Safety stand for easy use
- 1.8 m power cord

Highlights

38mm tong

If you want to create bouncy curls or natural waves, you need curling iron with a wide diameter. 38 mm is the perfect size for creating fashionable wide curls and waves. Truly the professional's choice.

Ceramic Tourmaline coating

Ceramic Tourmaline coating guarantees perfect heat distribution across the barrel, for high shine results and frizz-free curls.

210°C professional temperature

This high temperature enables you change the shape of your hair, and gives you that perfect look like you've just come from the salon.

Digital temperature settings

Digital temperature settings make it easy to quickly choose the function you need or adjust the styling temperature using the digital display. This enables you to select the perfect temperature for your specific needs and type of hair. The result is perfect styling at the touch of a button.

Instant heat up

The curler has a fast heat up time, being ready to use in 60 seconds.

Safe usage

The automatic shut-off feature has been designed to provide peace of mind. If left on, the curler will automatically switch off after 60 min.

Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.

1.8 m cord

1.8 m power cord

Ready to use indicator

Temperature symbol stops blinking when the curler is heated up and ready to use.

Safety stand

The safety stand enables you to put the curler down safely during use.
