Advanced skin protection

Philips Norelco Series 6000 delivers a clean shave while reducing skin irritation. Only Philips Norelco has ComfortGlide™ rings, a special protective coating with skin gliding properties to protect your face from redness and irritation.

Shaving performance

- ComfortGlide rings protect your face from irritation
- Replace shaving heads every 12 months for best performance

Skin comfort

- Blades gently capture hair for a smooth shave
- Heads flex to catch hard-to-reach hair
- Click-on Trimmer for use on mustache and sideburns

Ease of Use

- Get a convenient dry shave or a more comfortable wet shave
- Skin Guard Mode protects your skin for less irritation
- 50 minutes of cordless shaving once fully charged
- Fully charges in 1 hour or use 5-minute quick charge
- LED display with intuitive icons
- Shaver can be rinsed clean under the tap

Highlights

ComfortGlide Rings

Shaving heads are surrounded with ComfortGlide rings, which have a special protective coating with skin gliding properties to shield your face from irritation. Series 6000 offers 5x better protection than a manual blade*. *Protects better against nicks and cuts than manual blades after a 21-day adjustment period.

SkinProtect Blades

72 self-sharpening SkinProtect blades gently capture hair, leaving your face smooth and comfortable.

MultiFlex Heads

Heads follow the curves of your face, even catching hair in hard-to-reach areas like the neck and jaw line.

Shave wet or dry

Get a convenient dry shave or a more comfortable wet shave with gel or foam - even in the shower.

Click-on Precision Trimmer

Click on our skin-friendly Precision Trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

Skin Guard Mode

Activate the guard mode to adjust to a lower rotational speed for a more gentle shave.

50 minutes of cordless shaving

Shave longer with every charge, thanks to a powerful and long-lasting Lithium-ion battery. You'll have 50 minutes of shaving time - that's about 17 shaves - on a one hour charge. This shaver only operates in cordless mode.

1-hour charge time

Shave longer with every charge, thanks to our powerful, long-lasting lithium-ion battery. A quick 5-minute charge provides enough power for one shave.

LED display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 3-level Battery Indicator - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator - Travel Lock Indicator - Unplug for use indicator.
