Easy to use, easily fits in your skincare routine

- Philips VisaPure Essential can be used in the shower
- You need to plug in VisaPure Essential Basics to charge it
- Increases the absorption of your favorite skincare products
- The heads are easy to clean with warm water and soap

Highlights

10x better cleansing

Philips VisaPure Essential brings a new technology that will take your daily cleansing routine to the next level without extra effort. A gentle way of leaving your skin clean, soft and radiant.

DualMotion Technology

The brush rotates and vibrates. The vertical pulsating movement gently breaks up surface impurities including dirt, dead skin cells and make-up residues. The rotating movement sweeps the impurities away, leaving the skin more deeply cleansed. The coordinated movements of the bristles give you a thorough and comfortable cleansing experience.

1 intensity setting

With each brush head you use, you can choose one intensity setting for gentle cleansing.

Waterproof

Philips VisaPure Essential is waterproof and can be easily used in the shower.

Plug-in charge 20 mins usage

The plug-in charge fully charges the device in 8 hours.

Increases absorption of creams

Cleansing with VisaPure Essential means that you remove more make up residue, dead skin cells and dullness. Thanks to the deep cleansing effect, your favorite skincare products like creams, serums and essences are better absorbed by the skin.

Easy to clean heads

The heads are easy to clean. Simply clean them in the sink with warm water and soap.
