Hair lift & massage attachment

Lifts even the short hairs for an extra close epilation and relaxes your skin for a gentler hair removal at the same time.

Hypo-allergenic

Additionally the hypo-allergenic discs assure an optimal hygiene.

Ice glove

The ice glove with soothing properties relaxes your skin directly after epilation and minimizes irritation

Shaving head with bikini trim

Shaving head attachment perfectly follows contours of your bikini line or underarms for a close and smooth shave. Comes with additional comb to cut longer hairs before epilation or to trim your bikini area.

Two speed settings

This epilator has two speed settings. Speed 1 for extra gentle epilation and speed 2 for extra efficient epilation
