Highlights

Battery operated mini epilator

Precision epilator is battery operated (AA batteries).

Cordless use

For cordless use up to 30 minutes, with 1hr quick recharge

Fully washable

For perfect hygiene, both epilators are fully washable.

Gentle tweezing discs

This epilator has gentle tweezing discs to remove hairs as short as 0.5mm without pulling the skin.

Precision epilator

The Wet & Dry precision epilator is specially designed to remove hair from difficult-to-reach areas such as bikini line or armpits. It can be used wet & dry for a more soothing epilation session.

Two speed settings

This epilator has two speed settings. Speed 1 for extra gentle epilation and speed 2 for extra efficient epilation

Wet & Dry use

Designed to use in warm water. Warm water is relaxing and soothing. The warmth improves blood circulation, for a more comfortable experience and less sensitive to the skin.
