- Dishwasher safe accessories to easily clean your product

PHILIPS

ProMix Handblender

300W, SpeedTouch with Turbo ProMix Titanium Technology, 2 times finer blending*, Up to 50% faster*

Highlights

Powerful 300 Watt motor

Powerful and reliable 300W motor that can drive a large variety of accessories to allow processing of almost any ingredient and deliver great results during food preparation.

SpeedTouch with Turbo boost

Intuitive variable speed setting and turbo boost in one button that gives you more power as you squeeze. Start slowly to prevent splashing and smoothly speed up till you reach the required speed for each application and every type of ingredient. Prepare all your favorite recipes at the touch of a button.

ProMix Blending Technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular bar cage with wave shape to create optimal food flow and maximum performance for faster and more consistent blending.

Titanium coated blade

Titanium layer coating (TiN) that makes the knife six times harder than a regular stainless steel knife and ensures great performance over time. Combined with optimized knife shape and unique ProMix triangular shape of the bar for the best blending results. It is food safe.

Ergonomic rubber grip

Ergonomic soft touch handgrip, designed to give a secure and safe grip which allows for easy holding and maneuvering of the hand blender during use.

Single-Button Release System

Simple, quick and easy attachment and detachment of the blending bar and all the accessories with the use of one finger.

Unique triangular bar cage

Unique triangular bar cage with special wave shape

Dishwasher safe

This Philips handblender comes with dishwasher safe handblender accessories which makes it easy to clean your product.
