Highlights

TripleTrack blades

The TripleTrack heads - with their 3 rings of shaving blades - cover 50% more skin surface at a time. The DualPrecision slots and holes let you shave both long hairs and stubble in comfort.

Super Lift & Cut action

The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

Fully washable shaver

Simply pop the heads open, and rinse thoroughly under the tap.

Pivot, Flex & Float

The heads flex to stay in close contact with your skin, and pivot to add an extra dimension of movement? all of which gives you a close, fast and comfortable shave.

DualPrecision blades

DualPrecision blades comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble.

Nose and ear trimmer included

The Philips Nosetrimmer series 1000 trims unwanted nose and ear hair with a powerful Chromium steel trimmer. Preventing nicks and cuts, the trimmer's unique Safe-Guard technology ensures a skin-friendly trim.

60+ shaving minutes

An energy-efficient, powerful and long-lasting lithium-ion battery gives you more shaves per charge. Charge it for an hour, and you'll have 60+ minutes of shaving time - that's around 20 shaves. The shaver automatically adjusts its power to suit the way you shave, so your actual shaving time may vary. Charge it for 3 minutes and you'll have enough power for one shave.

Pop-up trimmer

Complete your look by using the pop-up trimmer. Perfect for maintaining a moustache and trimming sideburns.
